### CITY OF PINE LAKE MUNICIPAL REVENUE PORTFOLIO

The City of Pine Lake’s capacity to generate revenue is founded upon the City’s revenue-raising authority that is granted to the City per state law. Also, under Georgia law, the City is required to adopt a balanced budget (revenues = expenditures). Under this rule, the City cannot budget expenses in excess of available revenue. The task of the local government organization is to balance and manage revenues in a manner that funds services requested by the citizens and businesses while adhering to local, state, and federal statutes regarding municipal finance.

---

The primary revenue sources for the City of Pine Lake are taxes, non-tax revenues such as fees, and proprietary (enterprise) funds. The City operates in an intergovernmental system and generates revenue from its own sources as it is authorized to do by the state. The City also receives revenue in the form of federal and state aid.

The following revenue sources make up the City's revenue portfolio:

### **Taxes on Property**

#### **Ad Valorem Tax**

The ad valorem tax (or property tax) is an important component of municipal revenue. It provides a stable source of revenue for the City. Residents and non-resident taxpayers received a direct benefit for paying property tax. The City uses the tax revenue to fund its General Fund 001 activities such as public safety, street maintenance and repair, recreation, transportation enhancement projects, community development projects, and storm drain systems. The property tax rate can be adjusted to generate the amount of revenue necessary to provide municipal services. Current tax rate is 16.481 mils.

#### **Taxation of Motor Vehicles**

As allowed by the Georgia Constitution, motor vehicles are taxed in a manner that is different than the taxation of other property. The "birthday day" or annual ad valorem tax for motor vehicles was exempted in 2012 legislation and was implemented as a one-time tax that is imposed on the fair market value of the vehicle.

#### **Real Estate Transfer Tax**

A real estate transfer tax is imposed at a rate of \$1 on the first \$1,000 and 10 cents on each additional \$10 of any conveyance of real property when the value of the interest transferred is more than \$100. For such transactions on property that happen within the City's jurisdiction, the DeKalb County Superior Court Clerk collects the tax and distributes it to the City monthly. This revenue is distributed based on the City's millage rate.

#### **Intangible Tax**

Intangible tax is revenue on long-term real estate notes. Long-term notes are those that are due more than three years from the date of execution and are secured by real estate. The tax is assessed at \$1.50 for each \$500 of the face amount of the note with the maximum intangible recording tax being \$25,000.

---

### **Alcoholic Beverage Excise Taxes**

Taxes levied on distilled spirits (up to \$.22 per liter on packaged sales and 3% of the sale price on sales by the drink), wine (up to \$.22 per liter), and malt beverages (up to \$6.00 per bulk container and up to \$.05 per 12 ounce bottle, can, or other container).

### **Insurance Premium Taxes and License Fees**

Insurance premium tax is a levy of 1% on life insurance companies based on gross premium on policies of persons living within the City's jurisdiction. The City can levy a gross premium tax of no more than 2.5% on all other types of insurance companies. This tax is collected by the Georgia Commissioner of Insurance and is remitted to the City on an annual basis in October of every year.

The City also imposed and collects license fees on insurance companies doing business within the City's limits. By state statute, and through submission of the City's ordinance adopting the imposition of insurance license fees, the City can impose a \$50.00 fee on insurance companies. The fee is based on population.

### **Business and Occupation Taxes**

The City levies and collects business and occupation taxes on businesses and practitioners with offices or locations within the City. Some types of business are exempt from this tax (i.e. non-profits). The City uses the "number of employees" method of taxation. The City's method of taxation is \$150 for 0-5 employees and \$20 for each employee over 5.

### **Franchise Fees**

The City enters into franchise agreements or contracts with cable, electric, and gas companies doing business in the City. These agreements determine the terms that a public utility company abides by when using the City's right of way. The fee is most often a percentage of the utility's gross receipts within the municipality. The electric franchise fee is remitted to the City annually, while gas, and cable franchise fees are remitted quarterly.

---

### **Fines and Forfeitures, Court Fees, and Costs**

This revenue includes traffic fines, fines from violations of City Code, bonds posted to guarantee court appearances, and other court costs.

### **Charges for Use**

The City charges for providing accident reports, conducting background checks, sanitation services, and building and land rentals.

### **Alcoholic Beverage Licenses**

The City requires that a person or business have a license from the City to sell alcohol, retail or wholesale, within the City. The amount of the fee, by license type, is established by resolution of the Council.

### **Non-Business Licenses**

The City collects revenue for building permits, certificates of occupancy, sign and fence permits, and public space and film permits.

### **Private Contributions**

From time to time the City solicits or receives private contributions and/or donations for hosting special events, for community initiatives, etc.

### **Federal and State Grants and Loans**

The City may sometimes receive federal and/or state funding through programs such as the Community Development Block Grant program (CDBG), the Georgia Department of Transportation's Local Maintenance Improvement Grant program (LMIG), etc.

### **Other Financing Sources**

These sources include funding from leases (i.e. Georgia Municipal Association (GMA) Capital Lease program), interest on investments, and from confiscated assets or the sale of contraband property.
